Muin Chowdhury

Freelance IT Pro, Front-End Web Developer & Web Researcher
Kishoreganj District

Summary

I'm a certified IT Professional with 7 years of professional experience. My expertise covers Networking Technologies and System Administration in Windows Client OS and Servers & Linux Distro and Servers.

I do Web Researching jobs professionally as well for a very long time. I like to do this type of job as it requires various methods and investigations to find the correct contacts and information from WWW proactively.

I also like to code front-end web development with HTML5, CSS3, Bootstrap, basic JavaScript, and WordPress customization with SEO and responsive mobile-first web development.

I always try to work dedicatedly and deliver my best quality to maintain a high standard.
